

CCAoA Individual Membership Benefits

Professional Development

- **CCAoA Events:**

Join and participate in CCAoA events such as the CCAoA Symposium, Leadership Institute, and other events and receive member-exclusive rates. Participants of these events can expect to:

- Receive early notification for registration openings and event discounts
- Hear from distinguished advocates in the child care space
- Choose educational session tracks that are personalized to your needs
- Network and collaborate with peers in your field
- Learn about new and exciting updates surrounding child care programs
- Enjoy off-site excursions that are aimed to provide space to connect with colleagues and friends

- **CCAoA Learning Center**

The CCAoA Learning Center provides a host of member-discounted resources and carefully curated courses to help you and your organization excel in the child care industry. Our current topics include CCR&R Essentials; Racial Justice, Equity and the Role of Child Care; and Utilizing Research and Data to Advance the Child Care Field. You will also find:

- Exclusive educational webinars geared towards child care best practices and standards, diversity, equity, and inclusion, and much more. Members will also have access to past webinars on-demand.
- Downloadable content including virtual toolkits designed to help you in your work with families and educators.
- Exclusive Information on upcoming events.

Job Seekers

Upload your resume, get career advice, and apply for new opportunities.

- Career Insights
- Career Coaching
- Resume Review

- **Communities of Practice**

Our Communities of Practice (CoP) is geared towards child care professionals interested in creating a more equitable child care system. Meet with members from across the nation to strategize around some of the toughest issues that are facing the child care system today. Think out of the box and share your ideas as well as your success and challenges.

- **Quarterly Champion Calls**

Available for Champion members only: engage with CCAoA Senior staff about current high-level topics and policy issues related to their field. To learn more about this membership type, please contact membership@usa.childcareaware.org.

Tools & Resources

- **Child Care Business Operating Guides**

A successful child care center or family child care home is one that meets the needs of families and is a safe place for children to learn and grow among other children and trusted adults. However, success also depends on business management practices that will ensure the center's financial stability. This benefit provides guides and resources that will help you make decisions and take steps to ensure that your child care center and family child care business remains healthy and thriving. These guides and resources are available in both English and Spanish.

- **Marketing Toolbox**

At CCAoA, we understand you may have a small marketing team – or no marketing support at all. This exclusive member benefit is an ongoing resource that provides the core principles of communications and marketing so you can reach even more families and members of your community. Access short videos, grab-and-go templates, and tip sheets on topics like email marketing, branding, and social media, to apply to your everyday marketing efforts.

- **English-Spanish Glossary**

To support you in providing equitable and inclusive services to families and child care providers whose primary language is Spanish, CCAoA developed a English-Spanish Glossary of Child Care Terms exclusively for members that you can use, to promote

greater consistency, efficiency, and cultural relevance across your Spanish-language offerings. CCAoA's English-Spanish Glossary of Child Care Terms was created to help members:

- Increase access to resources for Spanish-speaking families and child care providers.
 - Save time (and money) when completing English to Spanish translations with a vetted list of child care terms and phrases that can be shared with internal translators or a translation service company.
 - Promote consistency and alignment across terms and writing style used throughout their Spanish-language resources.
- **Monthly Membership Newsletter**
Stay informed on updates, unique events, and recommended resources. Learn firsthand about innovative practices, grant opportunities and critical updates on policies affecting the field of early childhood education.
 - **Child Care & Interoperability Resource Suite and TA**
CCAoA authored a suite of resources to help child care leaders, as part of a re-envisioned child care system, to examine the elements and advantages of data interoperability.
 - Free to members: this suite articulates the elements of data interoperability as well as the history of inequity in child care and how interoperability would move the system toward equity for all young children and families.
 - **Technical Assistance from Subject Matter Experts:**
In the current state of the country, it is imperative to have access to technical resources and support. CCAoA is here to support the entire child care community during the COVID-19 crisis and beyond. Access our technical assistance resources for Child Care Resources & Referral (CCR&R) agencies and other system-level leaders.
