2025 Child Care Affordability

Montana

Annual Price of Child Care

The price of child care remains too high for many families.

In Montana the average price of child care is:

$12,007 per year
for an infant in family child care

$12,007 per year
for a toddler in family child care

$15,476 per year
for an infant in center-based child care

$15,476 per year
for a toddler in center-based child care

Affordability of Child Care for Families

In all states, the price of child care in most settings, for most age groups, remains higher than what is considered affordable.

In Montana:

- The median income for a married couple is **$117,670,** which means center-based child care for an infant would use **13%** of family income.
- The median income for a single parent family is **$39,745,** which means center-based child care for an infant would use **39%** of family income.

13%
of median income for a married couple family

39%
of median income for a single parent family

Child Care vs. Household Expenses

When compared to other household expenses, child care often has the highest price.
